*TIME . . . A GOLDEN THREAD
OF MEMORY*

1963

FOREWORD

We, the members of the Southern Lites staff, have chosen the hourglass as this year's theme to symbolize the passing of time. The last grain of sand has sifted through and our high school years are completed.

So let us pause a moment and reflect upon the laughter, the triumphs, the tears, the defeats, the friends, the teachers who were more than friends — everything that has been a part of the past four years. These are memories we should cherish forever, for they have welded the link between the past and the future.

UNDERCLASSMEN 54

And now we are ready to turn the hourglass over and begin a new time — a time when we must advance to "new frontiers," take our place as the citizens and leaders of tomorrow, and meet the challenges of our modern world.

We sincerely hope that this issue will serve as an enduring chronicle of the times, the words, and the faces that have meant so much to all of us.

Mr. John Feyock

The Senior Class of 1963 dedicates this yearbook to Mr. John Feyock, our class advisor. This is our small way of showing our appreciation for all the time and effort he has spent to organize us as a class. In spite of many difficulties, he has successfully brought us through any project which we have pursued. His friendly smile and encouragement have made our years at Solanco more pleasant. It is with appreciation that we thank him for these important contributions to our school life.

We remain sincerely,
The Seniors of 1963

ALMA MATER

Solanco High we'll always love thee
As did our school-mates gone before;
Upon thine altars lay our trophies
Of fame and honor ever more.
In bands of black and gold united
We'll pledge our best to do or die;
For here all vows are truly plighted
In dear old Solanco High.

Allegiance to our Alma Mater
We pledge it freely of our will.
And never shall dishonor blot her
This is a pledge we will fulfill.
With purpose firm we'll never falter
Until we reach our goal the sky,
And all because we love and honor
Our dear old Solanco High.

County Chorus

Supervising Principal's Message to the Class of 1963

As you graduate from the Solanco High School, I ask you to take a reflective pause for just a moment in hopes that you may determine what has caused you to be what you are today.

I call attention to your home where mother and dad have put many hours of worrying and fretting over many years into this graduation day. I call attention to your community and church leaders who have willingly donated their time in the preparation for a better tomorrow. I call attention to your teachers whose guidance and inspiration have made this graduation possible. I call attention to you because of or in spite of these aforementioned you have become what your own endeavors have permitted you to become. Your future will be what you have prepared it to be.

In confidence and pride I salute the graduating class of 1963. Your past accomplishments foretell a bright tomorrow.

Principal's Message to The Class of 1963

Twelve school years have passed by, now what's next? Is this the final lap, the half-way mark, or the approach to a more distant horizon? To reach this present pinnacle in your life probably seemed like an eternity and yet, looking back, how quickly the years have come and gone.

In life many things seem a long time in coming, the first day of school or the moving to another school building, etc. These expectancies are normal, but thoughtful consideration must be given with each new phase so that the right decisions are made toward future goals.

The completion of your senior year does not mean that learning should cease nor is it intended that a diploma will get you through any door. We have tried to provide you with a worthwhile educational program that may serve as a foundation for your future ambitions and hopes. Put to use what you have learned in a way that will benefit you most.

I commend the Class of 1963 for their fine attitude and cooperation. It has been a pleasure to serve as your principal.

IN MEMORIAM

We, the members of the Senior Class, wish to pay tribute in this edition of the *Southern Lites* to the memory of Mrs. Ruth N. Burkins.

Mrs. Burkins was a teacher in the Social Studies Department of Solanco Area Schools during various periods in the past thirty-eight years. During that time her interest in her fellow teachers and her students gained for her many friends. She is sincerely missed by all those with whom she was associated.

TRUE —

PRESENTED BY THE DRAMATICS CLUB

The Senior High Dramatics Club, under the direction of Mr. Robert J. Hartman, presented the two-act comedy "Tammy Tell Me True" on February 9, 1963, in the high school auditorium.

The play concerned Tammy Tyree, an uneducated shanty-boat girl and her experiences at college. She had followed her boyfriend, Pete, to college in hopes of making him proud of her. Instead of becoming educated, she and her Grandpa taught people like Miss Jenks, the Dean of Women, Mrs. Call, a wealthy old lady and Rita, a haughty college girl, some of their home-spun wisdom on how to live happily. Many people came to appreciate Tammy more than Pete, and by the end of the play, she found herself to be quite content in the arms of Tom Freeman, a professor at the college.

Mr. Ralph Downey
Instrumental Director

On May 17 and 18, 1963 the dramatics club, chorus, and the music department combined their efforts in the production of the musical comedy, "The Guy from Venus."

Excellent music and outstanding solos adorned the plot which involved the financial problems of the Stacey Department Store and the farcical and timely entry of a "guy from Venus."

The traditional love triangle among Don Starr, Jack Wilson and Miss Stacey was romantically resolved by Don Starr's return to Venus.

GIRLS' BASKETBALL GROWS

COACH Miss Nancy Boyle

Girls' basketball proved to be fairly successful this year at Solanco. The senior girls, Sib Eshleman, JoAnne Fisher, Kathy Pownall, Margaret Weidler, and Linda DeLong, along with a few juniors, spurred the team to a two-four season. Resembling the boys' sport, it teaches competition, cooperation, unity, and sportsmanship on the part of each player which helps to fit our students into the competitive ways of today's society. By checking the scores and then considering the emphasis of the sport by coach Miss Boyle, Solanco can be proud of her "Golden Mares" and look forward to many more prosperous seasons.

GIRLS' AND BOYS' TENNIS

Barbara Stapler, Magda Frey, Judy Eshleman

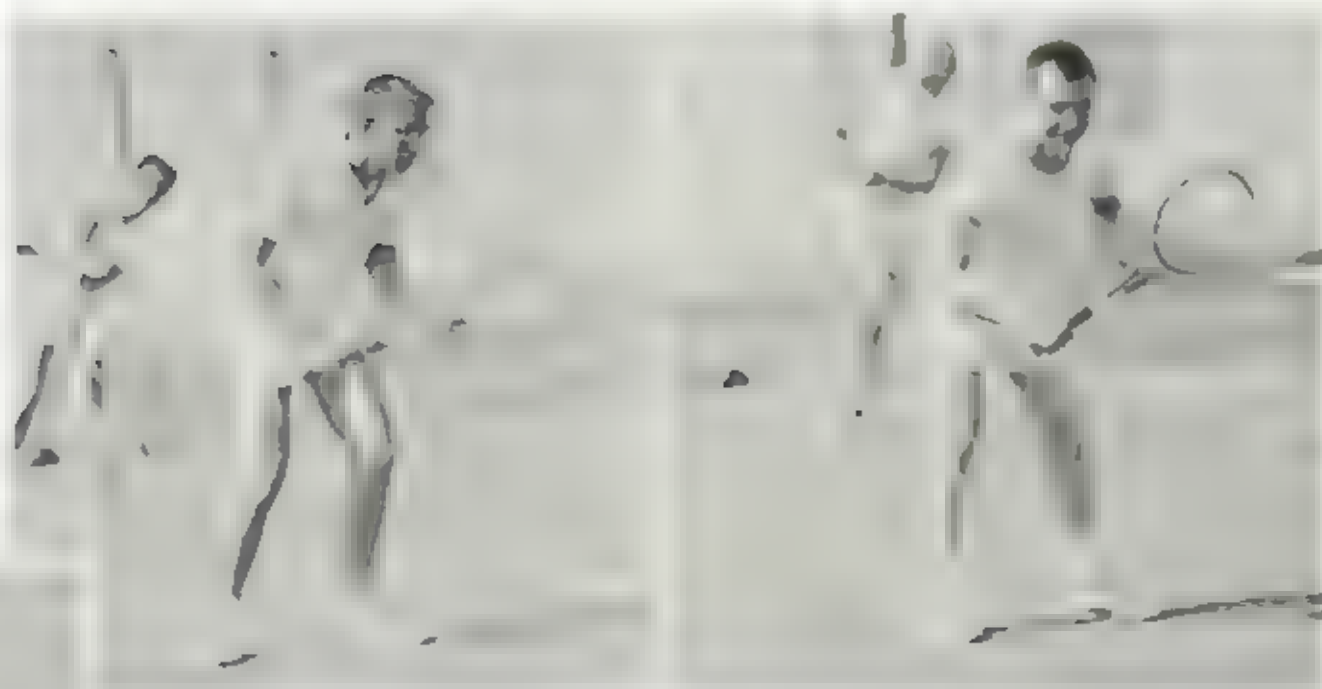

Our seniors Magda Frey, JoAnne Fisher, Kathleen Smith, and Linda DeLong spurred the girls' tennis team on to a five . . . four season on Solanco's new courts. The girls' coach, Miss Boyle, taught the value of "learning the fundamentals and being good sports."

Coached by our junior high teacher, Mr. Denlinger, the boys' tennis team fought hard on the new Solanco courts. Outstanding performances were by Dave Burhardt and Richard Mussmon who entered district competition.

Unbeaten and untied in league competition, the baseball team brought glory to Solanco's sports schedule. The 1963 Sectional Champs were the first to compile an undefeated league record for Coach "Pete" Suter in his thirteen years of coaching. Will and team effort did the job.

SPORTS HEADLINERS

Harold Suter, coach of the Section 3 champs

The Solanco Varsity baseball team, Section 3 champs, played Donegal for the Lancaster County Championship at Millersville College Field on May 30, 1963. Our boys played a hard game but were defeated by a lone run in the seventh inning. Steve McClune and Ray Murray pitched a tense and exciting game.

Veteran Coach Suter and the Solanco fans walked away proud of our Section Champs despite the defeat.

Terry McClune assists in getting this man out.

Ray Murray winds up as Dan Wenger positions himself during the Donegal game.

Steve McClune pitches four innings

OF 1963

Track star, Junior Jim Shillow, broke the county javelin record this year with his unbelievable heave of 191'11 1/2". Jim was unbeaten in league competition. However, due to an untimely ankle injury, he was unable to compete in the County Track Meet.

Coach George Kole has stated that Jim has the desire and ability necessary for a champion.

Our Golden Mules fought hard and scored this year on the newly dedicated football field.

The mob began in the blanketing heat with the huge, bulky unaccustomed pads and the blisters, bruises, black and blue beat. The numbers began to diminish, only the lads with courage carried on to the cold months through the pain of defeat apparent. Yet out of the physical, mental degradation came a light to many eyes which spoke of Friendship, moulded out of suffering shared Loyalty, to a black and gold proudly served Understanding, welded out of what they dared Courage, made stable by the strong nerved and before us stand men tempered with the heat of strife of whom we must be fond when we recall the days in later life

The Golden Mares fight it out

This year hockey was recognized by the students as a bigger part of Solanco's sports program. The girls' games were viewed and enjoyed by more people this year than in previous years.

They played demanding games and broke about even in the end . . . losing four, winning three, and tying one game.

The girls did a wonderful job under the coaching of Miss Boyle and deserve our voice of recognition and congratulations.

Groff to Krushinski. Krushinski to Keene. Keene to Ankrum . . . Ankrum to Habecker for two points with his notorious jump shot. Today basketball is an intricate sport of picks, screens, zone defense, man for man, full court presses and freezes. Our players must memorize plays and defenses and must be in top shape to keep up with the pace of the fast break in basketball

This year's basketball team consisted of seven seniors and five juniors. A lot of hard work was put into a successful team by both the players and the coach. As in every other sport the satisfaction of victory or the knowledge of having put up a good fight is the compensation for the hours of labor

WRESTLERS SHOW SKILL

Robert Holzhauser, Coach

Whether he is a 95 or a 180, he must by necessity have the speed of a rocket and must be more powerful than a bull. While the ability of a genius such as a Von Braun is not an asset definitely required, it is in some situations beneficial. Characteristically belonging to the nature of his qualities are the attributes of a master mind at chess, the balanced moves of a lion, the slyness of a fox, and the agility of a boa constrictor. These attributes to a degree sum up and portray a wrestler . . . he is an artist in his own special and distinctive way . . . Solanco wrestlers qualify.

Among our senior wrestlers were Steve Buckalew, Steve Graybeal and Robert Johnson, and among our scintillating veteran seniors were Larry Hart, Robert Long, Harvey McCardell, Steve McClune and John Stoltzfus.

The team may not have won a conference trophy; however, they will carry a trophy . . . the satisfaction of having competed athletically in a sport which is an art.

SOUTHERN LITES: BOOK

Carolyn Aument, Editor

The yearbook is an annual publication concentrating on the activities and events of the Senior year at Solanco. The present staff consists of twenty-six members selected from the junior and senior classes by the administration and faculty.

The staff works on a year-round basis in order to present a spring issue. After the final flurry-filled days of work are over and the book is issued, the staff begins on the summer supplement which is completed by the last day of school.

The hourglass was chosen as the theme this year to symbolize time. "As every thread of gold is valuable, so is every moment of time." J. Mason.

The staff hopes this edition of the Southern Lites will serve as the golden thread of memory.

IS EXPANDED

"Scholastic journalism at its best" — that is the motto and the aim of Solanco's student newspaper, the *QUILL*. Published seven times during the school year, the staff is composed of 26 students — 22 girls and 4 boys.

Special features of the 1962-63 editions included expansion to a larger sized publication of five columns, additional pictures, and more comprehensive coverage of all-school news. Staff members were taught the rudiments of journalism through an elective class which met three days a week.

Mr. Donald Hershey, Adviser

The student council encourages better understanding between the student body and the faculty. It strives to give the students the services necessary for the welfare of the school. It offers every student the opportunity to share in the governing of their activities — a practical application of democracy.

This year the Student Council increased its services by selling paperback books in the English rooms each morning before classes began. This project was well received by the students. The Student Council feels the interest in this project will be maintained.

The Student Council deserves the wholehearted support of every student at Solanco High School for the many benefits to the student body and the experience it offers the students in self-government.

NATIONAL HONOR SOCIETY

This year the Solanco Chapter of the National Honor Society is composed of fourteen members who have met the high standards required by the Society.

Top on the list of necessary requirements are scholarship, leadership, service, and character.

To qualify in scholarship a B average must be maintained from the ninth to the twelfth grades.

Leadership includes helping others through example and guidance.

Service is the quality of aiding others, not to advance yourself in the eyes of the people, but seeing your community, school, church or friends advance through your own efforts.

Character is necessary before the true meaning of the words — service, scholarship, and leadership — can make a person worthy of the honor of being a member of this nationally recognized organization.

OF AMERICA

The organization, Future Farmers of America, has many purposes. It is designed to help the boys interested in farming develop leadership in agriculture and other activities. The F.F.A. also helps boys initiate a farming program and become established in farming or some area associated with Agri-industry. This organization teaches boys to work together and cooperate and so strengthen rural America by keeping it an essential part of our national life.
